Changing the Weather Report to Af-feet the Corn Market. [By telegraph to the Dispatch.] CHICAGO, September 21.—On the Board

of Trade to-day the secretary announced that some one had mutilated the Signal Service weather report. The report was so changed as to give it a different meaning from the original. Before the decep-tion was discovered there was a perceptible decline in corn, a number of members losing thereby. The document stated that the indications pointed to frost on Friday or Saturday night in all the States north of Tennessee. A knot of operators gathered about when it was posted on 'Change, and soon after it was noticed that interlinea-tions had been made after it was posted by ew ed, and not long afterwards the entire bulletin mysteriously disappeared. The secretary procured a duplicate copy of the original report and read it from the balcony, after which it was posted again. It is known that a portion of the operators on the Board object to the posting of Signal-Service bulletins on 'Change, and it is believed that the action of to-day was an expression of that feeling, particular resentment being a some operators on the Board object to the conduction of the conduc by some operators, who seem to think the chief signal officer was putting in an un-necessary oar in asking that as wide publicity as possible be given his predictions. CONCINNATI. September 21.—It is stated that O'Donnell has expressed his disgust at the fact that there have been no steps taken in Ireland to procure funds for his defence. He is reported as saying, bitterly: "It is like them Dublin Irlshmen." He said also that if necessary \$60.000 could be collected. that if necessary £20,000 could be collected within a week to save the life of a man who committed the most popular murder since the shooting of Constable Talbot.

Twenty Knots an Hour. London, September 21.—The new Guion Line steamer Oregon made a trial trip to-day, during which she attained the speed of twenty knots an hour. At the luncheon which was given in the afternoon, after the eruise, Mr. Pearce, manager for John Elder & Co., who built the Oregon, said he should never consider his work accom-plished until he had built ships able to

The slock market opened firm, with a slight advance in prices. The forumess, however, was of short duration, for soon after the first sale the Villaris were attacked, and a decline of 1126 is look bace in these shares and 4.6414 in other active stocks, Central Pacific, Lake Shore, and Missouri Pacific being conspicuous in the decline. This was followed by a rally of 1661, the improvement being general. Then the bears turned their attention to Louisvitte and Nashvalle, forcing the stock down to 483, aminst 50% at the opening. This sharp break affected the whole list anfavorativ, more especially Villards and Union Pacific. Northern Pacific declined to 363, preferred to 684, Oregon Transcontinental to 59, Central Pacific to 668, Union Pacific to 88, Northwest to 1266, St. Paul to 1653, Lake Shore to 1622, Miscourl Pacific to 332, and Western Eulon to 79%. After 2 P. M. there was another raily of 1641, and stiff later another break in Villards, which carried Northern Pacific to 363, preferred to 684, Oregon Transcontinental to 58, Oregon Navigation to 125, regular to 126, selions at 60. Other leading shares also weakened, and many solid down to the lowest of the day. Near the close there was a "rational recovery, and altogether the general list showed more strength than had been anticipated. RELIABLE TESTIMONY.

PHILADELPHIA. PA., September 6, 1882. PHILADELPHIA, PA., Septemoor 0, 1862.

Hop Bitters Company:

I am seventy-four years old, have lived thirtyfour years in Philadelphia, and well known among
Germans. I have been troubled twelve years with
a white swelling on my right foot, and getting
worse every year, and very painful, and breaking
out in hot weather. I consulted several doctors,
and they told me it was incurable, and I would
have to take it with me in the grave. Some time have to take it with me in the grave. Some time ago I lest my appetite, was costive, had headache, and fever; in fact, was very sick. I saw in the German Democrat that Hop Bitters was what I needed. I got a bottle, took it one week, and was as well again as ever, and to my greatest surprise. right from the first my swelling went down grad-nally, and I taking another bottle, got entirely well of it. The wife of my neighbor had two such swellings on her legs, and three bottles cured her.

LEETONIA, PA., April 13, 1882.

Hop Bitters Company: I have not been well for three years: tried almost every kind of patent medicines and no less than seven doctors, one of Elmira, N. Y.; none have done me any good. I finally tried your Hop Bitters, and found them just the thing. I have praised them so highly there is a great number here who ise them with great benefit and satisfaction. Very respectfully yours,

Gentlemen: The Hop Bitters meet with large sales and give general satisfaction; one case in particular you should know of. Mr. John B. Green, 728 Spring-Garden street, Philadelphia, Pa., has been suffering from kidney affection, Pa. has been suffering from anney affection, which superinduced rheamatism. He tried physicians and remedies in valu. He was obliged to take morphine to induce sleep, his trouble was so great. Reading your advertisement in the Christian at Work, he was prevailed upon by one of his daughters to try it. Three bottles effected a cure and now be is an enthusiast for Hop Bitters. He is one of the oldest residents in the locality named

VERTIGO, DIZZINESS, AND BLINDNESS. OFFICE UTICA MORNING HERALD, UTICA, February 18, 1882. I have been troubled with vertigo since last July.

Hop Bitters Company: I have been suffering five years past with neu-ralgia, liver complaint, dyspepsia, and kidney different doctors, who did me no good. At last i tried Hop Bitters, and after using a few bottles I received a great benefit from them; and if I had used Hop Bitters regularly I would have been well before. I know them to be the best medicine in the world for nervous diseases of all kinds.

JAMES COOSTS.

"I believe it to be all wrong and even wicked for clergymen or other public men to be led into giv-ing testimonials toquack doctors or patent mediposed of valuable remedies known to all, and that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and hearily commend Hop Bitters for the good they have done me and my friends, sirmly believing
